

ICON 2000 BASIC SERVICE TRAINING

MODULE REFERENCE: MSE11

GOAL

To equip industry professionals with the basic skills and knowledge required for servicing Biffi ICON 2000 electric actuators.[PFD] for the system.

WHO CAN ATTEND?

- Project design engineers
- Commissioning engineers
- Plant operators
- Supervisory engineers
- Electrical and mechanical maintenance technicians

MAXIMUM NUMBER PER COURSE:

6 people

TRAINING METHOD

These are PowerPoint driven lectures fronted by a teacher. Lessons are reinforced by physical demonstrations, where the ICON 2000 is assembled, disassembled, configured and set-up. Practical lessons combine simulation sessions with a range of dedicated programs including PC, PDA, TABLET and 'A' Manager.

COURSE LENGTH:

3 days

COURSE CONTENT

- Product overview
- Actuator operation
- Operation by hand wheel
- Local/remote control
- Configuration
- Local operator interface
- Set-up menu and routines
- View menu and routines
- 'A' Manager program
- Basic and preventative maintenance
- Troubleshooting
- Repairing
- Diagnostics Messages
